

## 4VP LED

### Vertical Surface Mount Luminaire

Stainless steel, brass, aluminum.

Planar Reflector shield:

Shield P rotates 360° on socket.

Socket rotates 180° on vertical pivot

Stem rotates up to 670°±

Height Adjustment Range:±

As shown: Stem moves 17" [432mm]  
from lowest position

±LED version 36 volt DC:

New planar P shield is milled to a slim 5/16" and holds 48 high brightness 3500K Nichia LEDs. A magnetic low brightness louver prevents glare. A programmed microprocessor provides thermal regulation and wide range PWM dimming.

±36 Volt DC Power

±The included switching power supply delivers 36v DC from standard US 110-125 VAC lines. (As well as international voltages 90 to 240 VAC)

±Cord from power source to Power Supply.

±125 VAC Cord: 6' Black (UL)SVT 75°C.

±Cord from Power Supply to Luminaire:

± 36v DC Cord: 9' slender red or linen colored braid.

Uses less than 20w current for task light.

Superior to 75-100w incandescent sources.

The ultimate green lighting device.

±Custom versions:

Stem rotation and height adjustment may be specified to meet installation-specific variables. Inquire for details
